MEDICAL.

FRENCH MEDICAL OFFICE.
DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.
DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.
DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.
Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.
DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.
Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation: claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.
Low charges and quick cures.
Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.
Female Monthly Pills.
DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.
Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

PASS HIM AROUND.—The News Dealer, Major Jack Stratman of San Francisco, distances all competitors. Before the Eastern news was anticipated by Pony Express and telegraph, the outside barbarians could form but little idea of the immense traffic carried on in Eastern papers and pictorials; but since then the trade has grown to an immense business, and Stratman is at the head of them the exclusive wholesale agent for Frank Leslie's and Harper's publications, and also Bonner's *Ledger*—receives subscriptions at office rates. He is liberal to a fault. All the editorial fraternity of the country press have reason to thank the gallant Major for many favors, and we cordially recommend him to our readers.—*Sunday Mercury.*

We concur, and have "the papers" to prove the latter part of the *Mercury's* paragraph.—*Sac. Bee.*

We have, during the past few years, been repeatedly placed under obligations to the "gallant Major," [illegible]

True enough. If there is any one individual at the [illegible] more devotedly esteemed by country publishers than all the rest, Stratman is the man.—*Trinity Journal.*

Stratman's heart is as large as his moustache [illegible] have said as much as if we devoted a column in his praise. Whenever Jack wants to be Governor the interior papers will see to it that he distances all competitors.—*Oakland News.*

We "go our bottom dollar" on the Major. A man who never forgets the printers can be trusted in any position. Pass him along.—*Amador Ledger*

Stratman is among newsmen what Norfolk is among race horses. He is the first to start and invariably comes out ahead.—*Red Bluff Independent.*

We concur.—*Vidette*, Salt Lake.

Stratman and his establishment is an institution, and his enterprise and energy unconquerable. He is a Prince among newsmen, and his liberality knows no bounds.—*S. F. Spirit of the Times.*

The Major is a personal friend, and we don't want to make him proud. So we will just say that though the Major's heart is as big as an ox's, he has brains to balance.—*Courier*, Chico.

If Major Stratman don't make a fortune it shall not be our fault. His liberality is beyond praise. May his business grow and flourish like his whiskers, and his purse every Saturday night be as heavy as the bundles that he sends us. So mote it be!—*Napa Register.*

The above notices of the press are but a slight tribute to the indomitable industry and business capability of this Prince of newsdealers. Stratman was one of the early settlers of Downieville, and many of our readers will remember the old round tent that used to stand on the plaza, of which he was the proprietor. Verily, industry and uprightness have their reward. Jack, you can always "count" on us.—*Downieville Messenger.*

If the publications furnished us by Stratman are any indication or the variety and quality of those to be found on his shelves, the above extracts do not more than half do him justice. Every valuable periodical, weekly, monthly and quarterly, known to the literary world, is among them. Any how, he is No. 1 in his business. Pass him round.—*Utah City Herald.*

Our cotemporaries have about exhausted the terms of compliment; but where Strat. is concerned we are "onto it;" as he never forgets us. May your tribe increase, Major, and your moustache never grow less.—*Shasta Courier.*

We "tally one." Major Jack Stratman is truly a "Chief" of newsdealers, and ahead of all others as an energetic business man. May he always have the success he so well deserves.—*Visalia Times.*

True, every word of it, and more too. The editorial fraternity on this coast owe a marble monument to the Major's memory when he dies. As a liberal and accommodating newsman, he has no peer.—*Salem* (Oregon) *Unionist.*

We concur with every journal and "any other man" that compliments Major Jack Stratman. We are under many obligations as almost every other publisher is on the Pacific Coast. We honor him—we bless him every time we take from the Postoffice a package with his well known mark thereon. Long may you wave, Major.—*Humboldt Bay Journal*, Eureka.

The above extracts are very well worded and, were the subject an ordinary one, might be considered fitly uttered, but, as it is, they are but illustrations of the feebleness of human language in the presence of the grand phenomena of nature. We confess that we have been laggard in laying our tribute at the feet of this Prince of News Dealers, but we are as fit to do justice to the grand cataract of Niagara, the towering form of Mount Hood, the sublime scenery of Yosemite or the treachery of Andrew Johnson as we are to the supremacy of Stratman among Newsdealers. It can't be did—we weaken.

MURDER AND ROBBERY IN NEVADA COUNTY.—Two men named J. L. Cooper and Joseph Kyle were brutally murdered last Monday night at Cooper's Crossing of the South Yuba. The body of Cooper was found Tuesday morning lying on the bridge, with the head and body most horribly mutilated by deep gashes from an ax. From the white frost on the body it was evident the murder took place some hours before. Kyle was found dead, and also mutilated in like manner, in the toll-house. From appearances it seems that the murderer came into the house in the evening and an affray took place. Kyle was killed on the spot, his head being nearly severed from his body. Cooper was wounded and attempted to escape, but was followed and cut down upon the bridge. The object of the murderer was robbery. The safe was opened and $500 or $600 taken, but purses were found on the dead bodies untouched, and two or three greenbacks were left on the floor. A small secretary contained the key of the safe. This was opened with the same ax that did the deed, as also two trunks in the chamber, but a trunk below was left unopened. It is believed, says the *Gazette*, that the deed was committed by one man, as they were both killed by the same ax, and there was another ax and other equally deadly weapons in the house. Cooper had received eight gashes on the head, six of which, either one of them, in the opinion of Dr. Hunt would have proved fatal. A terrible gash was also cut in his right hip, another in his right leg, his right arm was badly cut, and the right hand nearly cut in two—one finger being entirely severed. From the appearance of the wounds, they were inflicted by the murderer while he was in the act of running. Kyle was lying on his face, with his neck nearly cut off, two deep gashes in the shoulder, and several cuts on the head. On Cooper's person were found two purses, one containing $40 in gold and $10 75 in silver, and in the other was $2 50 in gold, and seventy cents in silver. No clue to the discovery of the auther of this hellish dead has yet been discovered, but intense excitement and great activity prevail throughout Nevada County, and it is understood that the Supervisors will offer a large reward in the premises.

SEMI-WEEKLY ENQUIRER.

SATURDAY MORNING, DEC. 1st.

A RURAL RAMBLE.—To escape from the bustle of our ever-active town and enjoy, for a brief period, the sweets of more rural districts, we took the train or the train took us, on Tuesday morning, to Colfax. For an interest in the "great enterprise" to this extent, we invested one and a quarter dollars in the silver coin of the United States, and were under no obligations to anybody—consequently felt high-toned. At Colfax our struggle for independence, so auspiciously begun, was suddenly squelched by Wm. H. Hamilton, proprietor of the stage line thence to Grass Valley and Nevada, who, with the stubborn dogmatism of a Grant, shut up all of our approaches and prevented us from investing. We surrendered and accepted the situation beside Bob Scott, (there is but one Bob Scott) and off at a 2:40 pace over the Coleman grade to Grass Valley. From *our* old friends at the latter place we received a most [illegible] greeting. Especially was this the case with Frank Cleveland, the debonnair part-proprie[illegible] stage line between Grass Valley and Nevada. Frank showed us all the sights, told us all the news and gave us *carte-blanche* to one and all of his stages. Of this privilege we availed ourself and whizzed across the intervening four miles to Nevada. Here we put up at the National Exchange, Lancaster & Hasey, Proprietors, which is a most complete and admirably conducted establishment, affording a marked and favorable contrast to the accommodations furnished us at Grass Valley. The squareness of the meals at the National suggested that the Proprietors had anticipated Thanksgiving day, while the elegance of our apartment and springiness of our bed led us to believe that we had been mistaken for some wandering sprig of royalty or incognito "Eastern capitalist." During our sojourn in Nevada we met N. P. Brown of the *Transcript*, a prominent candidate for State Printer, besides candidates for divers and sundry other State offices. They are all good fellows and well qualified and we could see the whole lot succeed without being sore-headed in consequence.

As a matter of course, and as our enemies have often prophesied, we "went to Blaze's," where we were furnished with an immense goblet of excellent sarsaparilla, and contemplated one of the finest collections of geological specimens and works of art to be found on this coast. For variety, completeness of arrangement and *in other particulars*, this collection would put many of the famous museums of San Francisco to the blush. Our observations during our trip lead us to believe that the business of Nevada rests on a much more stable basis than that of Grass Valley. There has evidently been too much speculation at the latter place and all branches of business have been over-done. The business of Nevada, on the contrary, seems to rest on a solid and reliable foundation.

THROUGH TO CISCO!—The cars of the Pacific railroad commenced running to Cisco on Thursday morning. Henceforward we are to have two passenger trains per day each way, which will enable our people to visit Sacramento, remain an hour and a half, and return before 7 o'clock the same evening. The first passenger train leaves Cisco at 6:30 A. M., and reaches Sacramento at 12:30 P. M. The second leaves Cisco at 1 P. M., and arrives at Sacramento at 6:30 P. M. From Sacramento at 6:30 A. M. and at 2 P. M., arriving at Cisco at 12 M. and 7:30 P. M. Thus Sacramentans can go to Cisco, remain an hour, and return the same day.

ABOMINABLE.—The New York *Tribune* of a late date, in an article condemnatory of the gold-hoarding policy of Secretary McCulloch, expresses precisely similar views, in the almost identical language contained in a recent article of ours on the same subject: This wholesale plagiarism is perpetrated without even so much as deigning to hint that the *Enquirer* entertains like views. If this is an indication of Mr. Greely's ideas of honorable dealing, we shall be compelled to declare ourself "forninst him" for U. S. Senator.

NEWSPAPER CHANGE.—E. F. Bean has purchased the material and good will of the Nevada *Gazette* and will conduct that paper hereafter:

We extend the right hand of fellowship and a cordial greeting to friend Bean. If, as we profess, we know the article when the bag is open, this bean cant be cooked in a copper kettle. We advise thee, *Bean*,—*stalk* boldly into the arena, and mayest thou stuff thy *pods* with kale-seed, never descending to a *soupernumerary* position, but conducting thyself always so as to deserve and receive none but *beaneficent* gifts, and may the days of thy life to a goodly old age *string*, *Bean*, and may thy latter end be *peaseful*.

WE refer our readers to the card of Dr. Wernicki in to-day's paper. He is recommended as very skillful in the treatment of women and children, and also all diseases of the skin.

MONTHLY MEETING AND PARADE.—The Pacific Guards will hold their regular monthly meeting at Gold Run to-day. There will be a parade at 2 o'clock—members would do well to take notice.

THE ONLY GROUND OF OBJECTION.

The following objection to the impeachment of President Johnson, clipped from the *Dramatic Chronicle*, which, though gratuitously distributed, is more ably edited than many more costly and pretentious sheets, covers all of the ground assumed by objectors generally.

"We sincerely trust that no attempt to impeach the President will be made. Such an attempt, even if based upon adequate grounds, will infallibly be viewed by a large number of the people as a measure prompted by partisan passions and partisan vindictiveness. Even if warranted by strict justice, it would at the present crisis be most unwise. Let us hope that there will be sufficient practical statesmanlike sagacity in the new Congress, to abstain from so dangerous an experiment."

No matter how deliberately and conscientiously—no matter how free from "partisan passions and partisan vindictiveness" the Congress and the people may act and be—no matter how adequate the grounds of impeachment, because a "large number of the people" may misinterpret motives and attribute false reasons, forsooth, the nation must remain in peril for two full years longer. Even the execution of *strict justice* would be *most unwise!* Far less acute and hypercritical than the writer of the above is accustomed to be, we seem to perceive a glaring in[illegible] sertion. If, in the deliberate judgment of Congress, Andrew Johnson has been guilty of impeachable offenses, and if a calm consideration of the public weal seems to demand that his treachery be no longer permitted to retard the progress of a just and wise policy, we in a totally unimpassioned and unpartisan spirit, should say, proceed to execute the demands of justice first, and mollify the large number of mistaken objectors afterwards. Furthermore, we would advise that the standard bugaboo of "statesmanlike sagacity" be permitted and requested to "go to, the demnition bowwows."

IRON ORE.—The Sacramento *Bee* of the 28th inst. in an article on the iron and coal deposits of California, says:

"It has been known for a long time that no State is richer in iron than California. In Sierra county there are inexhaustible beds of almost pure ore; in El Dorado, less than forty miles from this city, it may be obtained on the surface in large quantities so pure that it has been made available for use at a common blacksmith's forge. But it will not pay to haul it six miles to the railroad and bring it here and reload it for San Francisco."

Our usually well-informed neighbor seems ignorant of the bed of iron ore most convenient for transportation of any yet discovered in this State. On Utt's Ranch, a few miles above Auburn, in this county, there is a vast body of very pure ore, a prominent spur of which is less than a mile distant from the line of the C. P. R. R. and the whole is so situated that a side track could be laid to it as conveniently as to the granite quarries near Rocklin. Hon. W. Higby visited this ore bed, prior to going to Washington at the commencement of his first term. Mr. Higby, on the strength of a familiar knowledge of the subject, pronounced the ore of excellent quality, and took specimens home with the intention of trying to induce wealthy iron-workers of his acquaintance in Essex county, N. Y. to establish Works on the premises. As the *Bee* remarks of the El Dorado ore, specimens from the Utt's ranch bed have been worked without smelting.

IF NOT, WHY NOT?—In our last issue we adverted to the attempt by a Fenian mob in New York to hang one Tully as a British spy, because he wore round-toed shoes. We learn that some of the Brotherhood who wounded Capt. Todd and others of the officers who were protecting Tully, have been incarcerated in the dismal dungeons of the Tombs. If Capt. Todd's wounds should prove mortal, and any of the poor incarcerated ones should be convicted and sentenced for his murder, why should not President Johnson and Secretary Seward "throw the protecting mantle of Federal authority" over them?

To the full extent of the Canadian raid, this was a "political offense" and is fairly entitled to, as it furnishes a beautiful opportunity for, one of our oily Secretary's favorite "remonstrances." Hurrah for Donnybrook! Strike for bleeding Ireland, boys, no matter who you hit!

STARTING IN.—We learn that several companies that had taken the due advantage of the "dry season" have commenced washing in the neighborhood of Gold Run, procuring the required amount of water from the ditches of the Dutch Flat Water Company, which have been partially filled by the late rains. It commenced raining again on yesterday morning, and a great quantity of water has fallen up to the time we go to press, 9 p. m., visibly increasing the body already in the ditches. Should the temperature of the weather continue for any length of time as favorable as it now is, we may reasonably look for large yields from many of the claims in this place and Gold Run.

ENTIRELY SATISFACTORY.—The Thanksgiving ball at Golden Eagle Hall was one of the most delightful of the many pleasant social gatherings for which our town is justly famed. A large delegation was present from Gold Run and quite a number from Alta. Like "Swimley's boarders," everybody was "happy and content."

A CHANCE FOR REDEMPTION.—Rarely is a mortal favored with more than one opportunity in a lifetime to immortalize himself, in fact it is only the highly-favored of fortune that are offered even one. In this respect, however, Andrew Johnson has been and is wondrously lucky. The immortality of fame and reverence which he missed by escaping assassination on the evening of April 14th, 1865, will, in a great measure, be within his grasp on the day after to-morrow, the first Monday in December. On that occasion he will be able to retrieve many past errors, relieve the country from an awkward dilemma, insure healthy governmental progress, enhance the value of national obligations and win the forgiveness and hearty plaudits of his grateful countrymen,—*simply by resigning the position for which he is manifestly unfit!* Palpably wise and simple as it is, we are not sanguine that he will pursue this course.

A GREAT EXPEDITION.—The Denver *Gazette* says that an expedition numbering five or six hundred persons is to leave San[illegible], on the 15th of January, for the placers on the Gila in Arizona. Many adventurers from St. Louis and Leavenworth have already reached Santa Fe. It has long been an ascertained fact that paying diggings can be found on the Gila and its tributaries, but owing to dangers from attacks from the Apache Indians, miners have never been able to stay there. The California papers state from what they have heard of this part of Arizona from miners and others, the diggings can only be worked by large companies, as ditches will have to be made or tramways built to convey the pay dirt to where there is water.

SEMI-WEEKLY ENQUIRER.

ARREST OF GEIGER-GRADE ROBBERS.—On Sunday last our town was visited by the U. S. Marshal and other officers from the State of Nevada, for the purpose of arresting a man supposed to be one of the gang who robbed the stage of Wells Fargo & Co's., treasure on the Geiger grade. This man had been in town for a week or ten days and had been very reticent and well-behaved. He was very neat and tasteful in his attire, wearing a heavy cloth coat, trimmed with fur, and fine casimere pants expensively foxed and trimmed with buck-skin. It is understood that he is a late arrival from Idaho and that he was the engineer of the robbery. Another of the same gang was arrested at Newcastle on Wednesday. This latter was a large, slouching, slovenly sort of fellow, ill-dressed and apparently out of funds. It is asserted that the officers have indubitable evidence that they have caught the right men, based on the confestions of one or more of the party. It is stated that five, in all, have now been [illegible] that it is well established that the stolen treasure has not yet been divided. As the total rewards for conviction of thieves and recovery of treasure [illegible] Some $15,000 the officers are likely to make the operation pay.

It may not be improper to remark that we should have noticed the arrest made in this place in our Wednesday's issue, but refrained at the express instance of the officers. As the item appeared in the Sacramento *Union* of Thursday we regret having complied.

ASSAULT AND BATTERY.—On Wednesday morning last, Dr. W. C. Jones assaulted Thomas Flaridon in front of Seffens' hotel stable, where Flaridon is at work as hostler. The Doctor knocked Flaridon down and kicked him about the face, reopening his old wounds and severely injuring him otherwise. It seems that Dr. Jones had called on Flaridon for payment for medical and surgical services performed during the latter's late confinement, and that an altercation ensued with the result as above stated. According to the statement of Dr. Jones, he had frequently made unsuccessful applications for payment, and on the occasion referred to Flaridon responded by telling him to "go to h—ll, he never meant to pay him" or words to that effect. Flaridon denies this and declares that he had arranged a portion of the account with a third party, at the Doctor's request, and that the words which provoked the assault were "you can't get a d—d cent out of me to-day, because I have'nt got it." Flaridon has a wife and infant child dependent on him for support—his position in Mr. Seffen's stable is probably not a very lucrative one—his former long confinement must have involved considerable expense—we doubt whether his income since his recovery has been sufficient to enable him to deposit any considerable surplus in bank—the protracted disability likely to follow the late assault will, we imagine, prove somewhat afflictive—we sincerely pity both himself and innocent family. The Doctor plead guilty and was fined $50 and costs.

THE DEBATING CLUB.—A respectable audience greeted the Debating Club on Tuesday evening last, to hear the initiatory discussion. The members of the Club, on their part, failed utterly to respond with a reciprocate greeting to the audience.

The subject for debate being the novel and heretofore undiscussed question of negro suffrage, the champions of the affirmative were cocked and primed and eager for the fray, but they were permitted to take undisputed possession of the field, as none were to be found possessed of sufficient audacity to controvert their position—they were probably demoralized by late returns from Massachusetts. This was the more remarkable as Attorney Gaylord was one of the negative disputants, who is generally ready to "take off his coat" and meet any proposition. The Club will meet at the School house on Monday evening at 7 o'colck to discuss the question: "*Resolved*, That the further extension of the territory of the United States would be inexpedient and impolitic." The affirmative will be sustained by Messrs. L. B. Arnold, W. D. Harriman, Jacob Lindsay, J. W. Fulwiler, Hamlet Davis, and D. Shankland. The negative by Messrs. E. H. Gaylord, W. A. Selkirk, C. J. Brown, Minor Frink and Jacob Monplaisir. This debate will certainly come off and promises to be interesting.

STOP THAT COUGH.—Buy you a bottle of Hall's *Pulmonary* Balsam, and save a doctor's bill.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is effected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,

SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known, as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its [illegible] worst cases cured in [illegible] days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness,

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebooding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you and DR. DEMAREST* for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

To Dr. Chas. H. Tozer, San Francisco, Cal.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. Doherty returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable [illegible] references from men of [illegible] respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

Dr. D[illegible] special attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,

L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured since its [illegible] point of [illegible] patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES [illegible] MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc,

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form,

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loath-some grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skilful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consamptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
